2024

A photograph of a winter forest scene. The trees are heavily covered in snow, and the ground is a thick, uneven layer of snow. The scene is illuminated by a warm, golden light, likely from the sun low in the sky, creating a soft, ethereal atmosphere. The branches of the trees are intricate and detailed, with snow clinging to every surface. The overall color palette is dominated by whites, greys, and warm yellows and oranges.

A surreal landscape featuring large, sculpted ice formations in shades of blue and white. The ice frames a central view of a sunset or sunrise over a body of water, with a sky transitioning from pink to orange. The overall scene is ethereal and dreamlike.
